About Us

BOE Limited is a leading global company headquartered in Kenya, offering comprehensive solutions across four key industries: mining, logistics, real estate, and agriculture. With a commitment to sustainability and innovation, we strive to create lasting value for our clients, communities, and stakeholders.

Our Core Industries

BOE Limited operates across four diverse yet interconnected sectors. In mining, we excel in sustainable extraction and management of precious resources, employing cutting-edge technology to minimize environmental impact. Our logistics division specializes in secure, global transportation, particularly for high-value goods like gold. In real estate, we focus on innovative, sustainable developments that foster community growth. Our agricultural services promote eco-friendly practices and food security, supporting local communities while embracing modern farming techniques.

Our Services

Mining and Mineral Supply

- **Global Leader in Mining:** Utilizing cutting-edge technology for efficient and sustainable resource extraction.
- **Mining of Earth Minerals:** Specializing in the extraction of precious and rare earth minerals.
- **Best Quality Mineral Supply:** Guaranteeing premium quality minerals with certified purity and authenticity.

Real Estate

- Sustainable urban planning and development
- Energy-efficient building designs
- Community-centric projects fostering economic growth

Agriculture

- Implementation of modern, eco-friendly farming techniques
- Promotion of sustainable agriculture and food security

Logistics and Global Shipment

- **Global Reach:** Door-to-door delivery in over 190 countries, with real-time tracking and specialized handling for high-value metals.
- **Flexible Terms:** Choose between FOB and CIF shipping terms, with expert guidance on Incoterms and tailored solutions for complex shipments.
- **Seamless Transactions:** Multiple payment options, support for major currencies, and flexible credit terms for qualified clients.

Our Premium Services

Global Reach

- Worldwide shipment solutions for precious metals
- Real-time tracking and customs clearance assistance

Flexible Terms

- Transparent pricing and customizable risk management
- Expert guidance on shipping terms and complex logistics

Seamless Transactions

- Secure, encrypted transactions in major currencies
- Flexible credit facilities for qualified clients

Premium Quality

- Highest quality precious metals with certified purity
- Full traceability and 100% satisfaction guarantee

Our Offices

Kenya Headquarters

Situated in the heart of East Africa, our Kenyan headquarters serves as the central hub for BOE Limited's operations. This strategic location allows us to leverage Kenya's robust infrastructure and dynamic business environment. Our Kenyan office oversees regional operations, coordinates with global partners, and spearheads our initiatives in sustainable resource management and community development. For those seeking to engage with BOE Limited in East Africa, our team of experienced Kenyan brokers is ready to assist you, ensuring smooth transactions and personalized service.

Mali Office

Our Mali office is at the forefront of our West African operations, particularly in the gold mining sector. Located in a region renowned for its rich mineral deposits, this office plays a crucial role in our mining and logistics operations. The Mali team specializes in facilitating gold transactions, managing local partnerships, and ensuring compliance with regional regulations. This office is instrumental in our commitment to responsible mining practices and serves as a key point of contact for international buyers interested in high-quality gold from West Africa. For detailed location information and contact details, please visit our official website at boelimited.shop.

Our Vision

01**Vision**

At BOE Limited, we envision a future where sustainable resource management drives global prosperity. We strive to be the world's leading integrated solutions provider, seamlessly connecting the realms of mining, logistics, real estate, and agriculture. Our vision is to pioneer innovative technologies that revolutionize resource extraction while preserving our planet's ecological balance, create a global network of secure, efficient logistics, and develop transformative real estate projects that foster vibrant, sustainable communities.

02**Vision**

Through our unwavering commitment to excellence, integrity, and sustainability, we aim to shape a more interconnected and prosperous world. We seek to advance agricultural practices that ensure food security, empower local farmers, and contribute to rural development worldwide. From our roots in Kenya and Mali to our global operations, BOE Limited envisions a future where African innovation leads the way in solving global challenges, bridging continents and cultures, and facilitating ethical trade that creates lasting value for all stakeholders.

Our Mission

01**Mining**

BOE Limited is committed to responsible mining, extracting precious minerals like gold with minimal environmental impact. We focus on sustainable practices that maximize resource value while upholding ethical and ecological standards.

03**Real Estate**

Our mission in real estate is to create lasting value through innovative, eco-friendly developments. We prioritize community growth and environmental sustainability, enhancing both residential and commercial spaces.

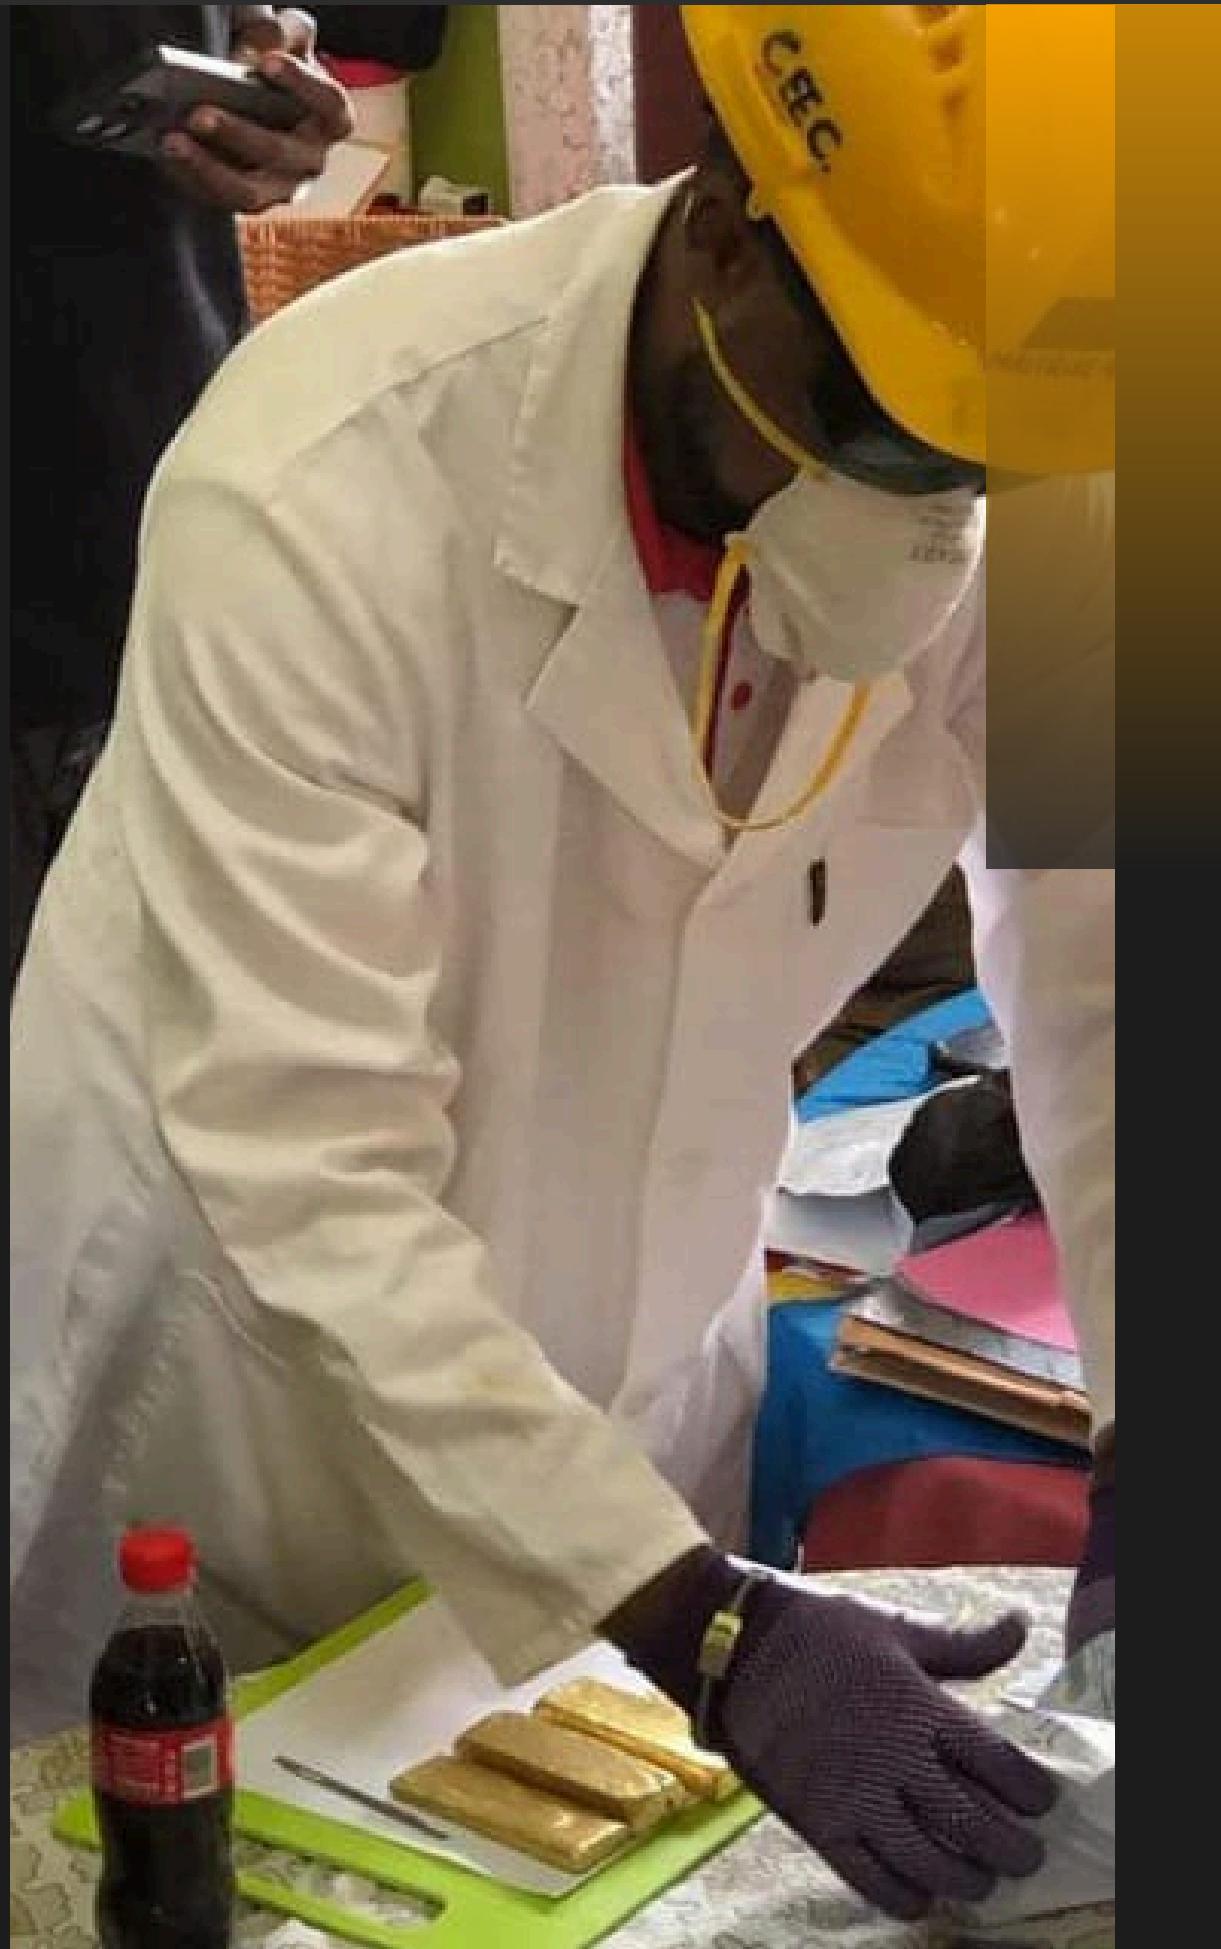

02**Logistics**

BOE Limited provides secure, efficient global logistics solutions. We specialize in the safe transport of precious metals and goods, ensuring timely deliveries with the highest standards of security and precision.

04**Agriculture**

We aim to support sustainable farming practices that boost productivity and protect natural resources. BOE Limited works to provide high-quality agricultural products while promoting food security and economic development.
